EDUCATION

2022 - On going
BINUS UNIVERSITY

- Information systems major
- GPA : 3.79 / 4.00

2019 - 2022
SMA KEMURNIAN 2

- Ilmu Pengetahuan Sosial (IPS)

TECHNICAL SKILLS

- HTML & CSS
- JavaScript & JQuery
- Java
- SQL
- Figma (Design tool)
- Mendix (Low code tool)

SOFT SKILLS

- Problem solving
- Communication
- Critical thinking

OBJECTIVE

I'm in my 5th semester of Information Systems at Bina Nusantara University, specializing in Digital Technology. I've developed skills in programming languages like HTML, CSS, and JavaScript, and I'm proficient in design software like Figma. I'm passionate about front-end development and aim to use my skills to create great user experiences for websites and mobile apps.

EXPERIENCE

Freelance

May 2024 - Present

Front-End Developer

- In just one month, I've crafted sleek, responsive websites as a freelance front-end developer. Using HTML, CSS, and JavaScript, I prioritize clear communication, timely delivery, and building strong client relationships.

VOLUNTEER EXPERIENCE

BINUS University

Freshman Partner

September 2023 - Present

- Freshmen Partner tasked to guide freshmen for 2 semesters to adapt to the university environment and be able to adapt lecture material.
- Conduct weekly meetings to deliver presentations on building relationships and developing interpersonal skills in order to support a group of 10 freshmen.
- Keep track of the activities of first-year students for two semesters and generate reports for the Student Development Center.

BINUS University

Freshman Leader

July 2023 - September 2023

- Freshmen Leader assisted new students in becoming acquainted with the BINUS University environment and provided guidance in First Year Program (FYP) activities to foster relationships amongst peers.
- Attend the event in the First-Year Program (FYP) and deliver presentations about soft skills to 70+ freshmen.
- Monitor the activity of the First-Year Program session and make student data reports to provide to the Student Development Center.
